THE CALIFORNIA JPIA PARTNERS WITH TRIDEN GROUP FOR [CYBERSECURITY](#) SERVICES

Triden Group announced today a new partnership with the California Joint Powers Insurance Authority (California JPIA) as the JPIA's new cybersecurity assessment provider. This partnership will allow cities throughout California to have access to cybersecurity assessments and services.

"I am looking forward to our partnership with the California JPIA and the cybersecurity services Triden Group will be able to offer cities throughout the state. I applaud the Authority for taking action and keeping cybersecurity a top priority."

~Paul Edge; CEO, Triden Group

"Supporting our members in their efforts to be proactive and vigilant in their cybersecurity posture is important to us," says Alex Smith, CEO of California JPIA. "When local government agencies fortify and protect their technology infrastructure it helps to ensure the uninterrupted delivery of public services. Triden Group is a company that understands local government and how to assist in reducing risk exposures in computer networks and other technology assets."

California JPIA members can now access cybersecurity assessment services provided by Triden Group. Services include:

- Cybersecurity Maturity Assessments and Internal and External Vulnerability Scans
- Preferred pricing through a Master Services Agreement (MSA)
- Members can leverage the MSA to engage Triden to perform cybersecurity services which

include:

- [Penetration testing](#)
- Repeat cyber assessments
- Incident response tabletop exercises
- Implementation of cybersecurity improvements

This new partnership offers California JPIA members a robust suite of cyber protection services.
