

Revolutionizing Education in the Gulf: K12 Schools' Experiential Center Forges the Future of Learning

SHARJAH, UAE, August 30, 2024 /EINPresswire.com/ -- The educational landscape in the [Gulf Cooperation Council](#) (GCC) region is on the brink of transformation with the launch of the state-of-the-art [K12 Schools](#) Experiential Hybrid Center in Sharjah, UAE. This pioneering institution promises to revolutionize learning by seamlessly integrating classroom education with AI/VR-enabled cutting-edge technology and hands-on experiential learning.

The poster for the K12 Schools Experiential Learning Hub in Sharjah, UAE, features a collage of students engaged in various activities: a boy working on a robot, a girl using a microscope, and a boy wearing headphones. The text on the poster includes the K12 Schools logo with the tagline 'EDUCATION BEYOND BOUNDARIES', the title 'EXPERIENTIAL LEARNING HUB', and the location 'SHARJAH, UAE'. Below this, it lists 'British, American and Indian Curriculum', 'Global Community', 'Hybrid Schooling', and 'Futuristic Labs'. A red arrow points to 'Our Association', which is followed by logos for the Indian Institute of Technology Bombay, USAID, and the International Olympiad Foundation. At the bottom, it states 'K12 Schools Experiential Hybrid Center in Sharjah, UAE'.

The K12 Schools learning hub sets a new standard by combining the personalized journey of online classroom learning with innovative, technology-driven experiences. This hybrid model addresses the evolving needs of the 21st century, redefining education across the Middle East and Gulf region.

“

Our Centers in Australia, USA, Europe, and beyond, K12 Schools is now focusing on Gulf region. Our mission is to cultivate the next generation of innovators and leaders”

P K Samal, Founder of K12 Schools.

Designed to cater to the diverse needs of students, the K12 Schools Experiential Learning Center offers a flexible, interactive environment that bridges the gap between theoretical knowledge and practical application through a dynamic learning ecosystem. This ecosystem is enriched by facilities and features that position the center at the forefront of educational innovation.

Key Features Include:

Blended Learning: A versatile educational experience that combines on-campus and online education.

Experiential Learning: A curriculum that emphasizes project-based learning and apprenticeships

to prepare students for real-world challenges.

Personalized Education: Tailored learning plans and mentorship programs that focus on individual strengths and aspirations.

Global Curriculum: Offering British, American, and Indian curriculums from Nursery to Grade 12, aligned with international standards while embracing the rich cultural heritage of the region.

Advanced Technology: Equipped with smart classrooms, virtual labs, a K12 Schools Learning Management System (LMS), and specialized facilities like Robotics and AI Labs.

Gateway to International Universities: Access to pathways leading to top international universities through our extensive global network.

Additional Features of the K12 Schools Experiential Learning Center:

Practical Sessions Aligned with Student Preferences: Practical labs operate according to the time zones and preferences of students, providing a customised learning experience.

Futuristic Labs: The centre boasts advanced facilities, including STEAM, Idea, Robotics, Coding, and Innovation Labs, with plans to introduce comprehensive science labs covering physics, chemistry, and biology in the future.

Social and Recreational Spaces: The centre includes indoor games and a small library, creating a space where students can socialise and feel the community of a traditional offline school, all while studying online through a transparent and interactive LMS.

Transparent Learning Experience: Unlike traditional schools, K12 Schools allows parents to monitor teaching sessions by accessing recordings through their child's account, ensuring a transparent educational process.

Community Activities: The centre serves as a hub for social events, functions, and debates, with activities decided collectively by parents, fostering a strong community spirit.

With the global expansion of Experiential Centers in Australia, USA, Europe, and beyond, K12 Schools is now focusing on Gulf region. "Our mission is to cultivate the next generation of innovators and leaders," says P K Samal, Founder of K12 Schools. This innovative model signifies a bold step in the evolution of education, blending tradition with technology to prepare students for the future.

K12 Schools, as an international online schooling platform, offers students holistic development opportunities. The Experiential Centers represent an extension of this vision, seamlessly integrating online and offline learning to create a comprehensive and immersive educational experience.
