/EINPresswire.com/ -- There have been over 10,000 college football games played in the State of Texas since 1894. The list of games includes historic games like Texas vs Nebraska (1999), Alabama at Texas (2022), Ole Miss at Texas A&M (2014), Notre Dame at Texas A&M (2024) and 119 Texas vs. OU games. There have been 118 prior clashes between the Horns and Aggies. Once an annual tradition, this year will be the first game between the two teams in 4755 days. As a result, the demand for tickets to this year's A&M vs. Texas game is unprecedented, far surpassing the ticket demand for any previous game between these two teams.

"Fans in Texas love football. There is a passion here for it that you rarely see anywhere else in the country. That passion is overflowing for the A&M vs Texas game as everyone wants to be there to see the renewal of this classic (Lone Star State) rivalry," said Randy Cohen, Founder of TicketCity, "We have been selling college football tickets in this state for 34 years and we have never seen a game this big."

The game is still 3 months away, and ticket prices could come down if demand slows, but as it stands today Texas A&M vs Texas is the biggest college football game in the history of the State of Texas. Hopefully the game lives up to the hype.

Below we analyzed the other top games in the State of Texas for this season. Our rank ordered list is based on the same demand for tickets metrics used to crown the Lone State Showdown the top game.
