

# CORE Announces the Launch of 'Serving Up Hope' Campaign to Support Food & Beverage Service Families

---

NASHVILLE, TN, UNITED STATES, September 4, 2024 /EINPresswire.com/ -- CORE is excited to announce the launch of its annual "Serving Up Hope" campaign, running from September 1 to October 31, 2024. This nationwide initiative aims to unite the restaurant industry and its guests in a shared mission to support food and beverage service employees who are facing life-altering crises.

Serving Up Hope is more than just a campaign; it's a powerful movement that underscores the critical role food and beverage service employees play in our communities. As CORE's main fundraiser for the year, Serving Up Hope is vital to provide ongoing assistance to these essential workers and their families, ensuring that no restaurant family faces hardship alone.

"Food and beverage service employees are the backbone of our dining experiences, and it's our duty to support them when they need it the most," said Jill Chapman, Director of Corporate Partnerships for CORE. "Serving Up Hope allows us to rally together as an industry and provide meaningful assistance to those who have dedicated their lives to serving others."

This year, CORE is especially grateful to our sponsors, whose generosity and commitment are making this campaign possible. Their support ensures that help is available when it's needed most, allowing us to continue our mission of providing financial assistance to the service workers who enrich our lives every day.
