

WeWork and Intellibus Announce Joint Event Series: "The Future of AI"

The event aims to explore the transformative potential of artificial intelligence across various industry sectors.

NEW YORK, NY, UNITED STATES, September 5, 2024 /EINPresswire.com/ -- WeWork (<https://www.wework.com/>), the leading global flexible space provider, and Intellibus (<https://www.intellibus.com/>), a premier consulting firm specializing in AI consulting and IT strategy, today announced a groundbreaking joint event series titled "The Future of AI". The events will feature speakers from the AI Masterclass, an Executive Education program for senior leaders delivered jointly by Intellibus and NYU's School of Professional Studies.

"The Future AI" will bring together high-ranking panels and world-leading speakers from diverse industries, functions, and societal positions. The event aims to explore the transformative potential of artificial intelligence across various sectors, providing attendees with rich, deep, and thought-provoking insights into the future of companies, industries and society in the age of AI.

Open to the public, the first event in this series called 'Talking AI' will take place on September 12, 2024, 10:00 am to 01:00 pm, at WeWork 222 Broadway, New York, NY. Attendance is free and open to the public, and registrants can enjoy complimentary access to WeWork for the day.

Event Highlights:

Keynote speech by Dinesh Moorjani, co-founder of Tinder: Dinesh will share his unique perspective on the intersection of technology and human interaction.

Further keynotes from Nisha Paliwal Managing Vice President, Capital One and Michael Marcotte Founder, Chairman & CEO, artius.ID

High-ranking panels: Hear from industry experts, policymakers, and thought leaders as they discuss AI's impact on various industries, including finance, healthcare, education, and more.

Interactive sessions: Participate in interactive sessions designed to foster collaboration and the exchange of ideas among attendees.

Networking lunch: Connect with like-minded professionals, industry leaders, and AI enthusiasts to build valuable relationships and explore potential collaborations.

"In collaboration with Intellibus to host this exciting event, we look forward to bringing together our community to spark new conversation, ideas and connections," said Vincent DePalma (<https://www.linkedin.com/in/vdepalma/>), Director at WeWork. "As AI revolutionizes the way we live and work, this event will provide an unparalleled opportunity to explore its future implications with some of the industry's leaders."

"Intellibus is proud to collaborate with WeWork in bringing together such a diverse and esteemed group of speakers and panelists," said Ed Watal (<https://www.linkedin.com/in/watal/>), Founder and CEO at Intellibus. "We believe that 'The Future of AI' will spark innovative ideas and drive meaningful conversations about the role of AI in our world."
