

Billets and MustWants Strategic Partnership to Improve Temporary Lodging for Military Families Waiting To Buy A Home

ARLINGTON, VA, UNITED STATES, September 5, 2024 /EINPresswire.com/ -- [Billets](#) and [MustWants](#)—two emerging platforms dedicated to helping military families secure short and long-term housing—are thrilled to announce a partnership designed to improve temporary housing solutions for military families as they wait to purchase a home.

"This partnership offers an exciting opportunity to enhance the home-buying experience for military members and veterans, especially when it comes to renting," said Scott Hayford, founder of MustWants. "Billets' commitment to providing cost-effective lodging solutions aligns perfectly with our mission to reduce the stress in the home-buying process. Together, we can offer a comprehensive solution that meets the needs of our users."

The collaboration between Billets and MustWants offers a valuable solution for homebuyers, especially within the military community, who may require extra time to close on their new homes. Through this partnership, families can seamlessly transition from house hunting to settling into comfortable temporary lodging that feels like home, allowing children to adjust to their new environment while parents finalize their home purchase, making the entire process smoother and significantly reducing stress.

Key Highlights of the Partnership:

- **Expanded Military Network:** This partnership will enable users of both platforms to broaden their military connections, offering access to a vast network of home-buying experts ready to assist with all housing needs.
- **Temporary Lodging:** Families can seamlessly transition from searching for a home to settling into temporary lodging that feels like home, allowing them to acclimate to their new surroundings while finalizing their home purchase.

- Tailored Support for Military Families: The partnership is specifically designed for military families, offering convenient lodging near bases and simplifying their relocation process with customized military-friendly support.
- Expanded Home Search Capabilities: The combined resources of both platforms empower users to find any type of housing they need, whether temporary or permanent, for rent or purchase.

"We are excited to partner with MustWants," said Alex Tessier, Founder and CEO of Billets. "This collaboration allows us to better serve military families who face unique challenges during their PCS moves. By offering fully furnished, DoD-compliant homes, we provide an affordable and comfortable alternative to on-base lodging or hotels, helping make their transition smoother. Unlike platforms like Airbnb or VRBO, Billets is specifically designed for the needs of service members, ensuring compliance and peace of mind during a stressful time."

Simplify the Agent and Lender discovery and Home Search for your next home with our military-friendly, tailored housing services at [MustWants.com](https://www.mustwants.com)
