

# Louisiana Mesothelioma Victims Center Urges a Former Avondale Shipyard-or Shipyard Worker with Lung Cancer or Mesothelioma Anywhere in Louisiana to Call the Gori Law Firm-Expect Better Compensation Results

NEW ORLEANS, LA, UNITED STATES, September 12, 2024 /EINPresswire.com/ -- The Louisiana Mesothelioma Victims Center says, "If your husband or dad worked at the Avondale Shipyard or any of the other dozens of shipyards in Louisiana and he has just been diagnosed with asbestos exposure lung cancer or mesothelioma please call the Gori Law Firm at 866-532-2106 to discuss financial compensation. Most people in Louisiana are aware of mesothelioma compensation but they are unaware that financial compensation for asbestos exposure lung cancer might be significant as well as the lawyers at the Gori Law Firm are always happy to discuss. The Gori Law Firm has an office in New Orleans.

"Shipyard workers and Navy Veterans are two of the top groups in the USA for on-the-job exposure to asbestos because they would have had so much exposure on the job. The reason Navy Veterans are included on this list is because they were frequently required to stay on their ship or submarine at a shipyard to assist the shipyard workers with repairs or upgrades. While Avondale might have been the biggest shipyard in Louisiana there are dozens of others and before the mid to late 1980s asbestos exposure was a huge problem.

"If your loved one worked at Avondale or any other shipyard in Louisiana and he now has

asbestos exposure lung cancer or mesothelioma please make compensation a priority and call the Gori Law Firm at 866-532-2106. Unlike the TV lung cancer or mesothelioma attorneys you see on television the Gori Law Firm actually has an office in New Orleans and they are the real deal."
