HENDERSON, NV, UNITED STATES,  
September 10, 2024 /

EINPresswire.com/ -- Icarus Behavioral Health Nevada announced today the expansion of its comprehensive addiction treatment services, with a focus on alcohol rehab in Henderson. The facility now offers an enhanced range of fully licensed addiction treatment, mental health treatment, and dual diagnosis programs to meet the growing needs of Henderson residents and surrounding communities.

The expanded services include detox, inpatient rehabilitation, and outpatient programs, with all [treatment services conveniently located for Henderson residents](#). Icarus Behavioral Health Nevada's commitment to accessibility is further demonstrated by its acceptance of most Nevada Medicaid plans, including Hometown Health, Silver Summit, Ambetter, and others.

"Our goal is to provide immediate, high-quality care to those struggling with alcohol addiction and related mental health issues," said a spokesperson for Icarus Behavioral Health Nevada. "We understand the urgency of these situations, which is why we've streamlined our processes to offer same-day placement in most cases."

The facility's alcohol rehab program in Henderson is part of a broader suite of addiction treatment services. These include:

Medically supervised detoxification (with partner facilities depending on level of care needed)

Inpatient rehabilitation  
Intensive outpatient programs  
Dual diagnosis treatment for co-occurring mental health disorders  
Aftercare and relapse prevention

Icarus Behavioral Health Nevada's approach to treatment is holistic and individualized, addressing not only the physical aspects of addiction but also the underlying psychological and social factors. The facility employs a team of experienced professionals, including licensed therapists, medical doctors, and addiction specialists.

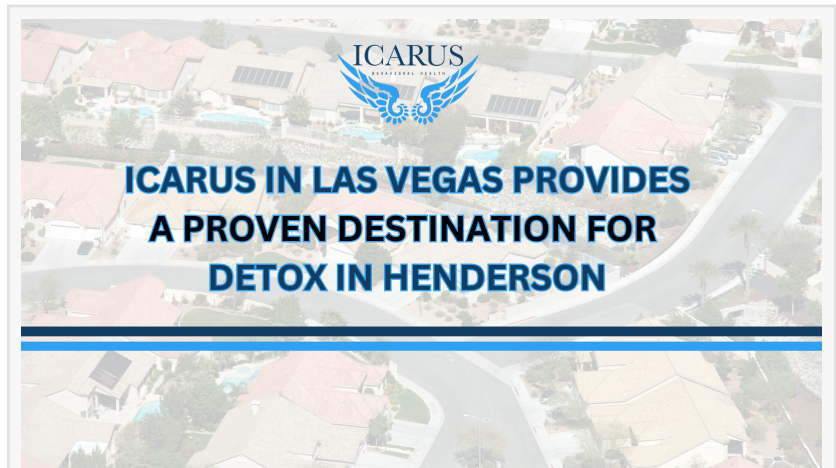

"We recognize that addiction doesn't occur in isolation," the spokesperson added. "Our dual diagnosis program is designed to treat both substance use disorders and co-occurring mental health conditions simultaneously, providing a more comprehensive and effective approach to recovery."

The expansion of services comes at a critical time, as the demand for addiction treatment in Henderson and surrounding areas continues to rise. By increasing capacity and enhancing their programs, Icarus Behavioral Health Nevada aims to meet this growing need and improve access to [vital support options such as flexible outpatient offerings](#) alongside residential rehab options.

Residents of Henderson seeking help for alcohol addiction can now benefit from a full continuum of care, from initial detoxification through to ongoing outpatient support, all within their local community. This proximity to home can be a crucial factor in maintaining family support and continuity of care throughout the recovery process.

Icarus Behavioral Health Nevada's commitment to accessibility extends beyond location. Their acceptance of various Medicaid plans ensures that financial constraints do not become a barrier to receiving necessary treatment.

"We believe that everyone deserves access to high-quality addiction treatment," the spokesperson emphasized. "By accepting a wide range of insurance plans and offering
