

Logistics Plus Renews Its U.S. EPA SmartWay Transport® Partnership for a 14th Year

Logistics Plus ranks among the top SmartWay Partners in carbon emissions per mile.

ERIE, PA, UNITED STATES, September 10, 2024 /EINPresswire.com/ -- Logistics Plus, Inc., a global leader in transportation, logistics, and supply chain solutions, is proud to announce that, for a fourteenth straight year, it has submitted and received approval for its current data submission to the [SmartWay Transport Partnership](#), an innovative collaboration between the U.S. Environmental Protection Agency (EPA) and the industry.

Since 2004, SmartWay has helped partners avoid emitting 153 million metric tons of CO₂, 2.7 million short tons of NO_x, and 112,000 short tons of PM, which helps protect the environment and keep Americans healthy. Based on the most current [2023 rankings](#), Logistics Plus ranks among the top partners for the least amount of CO₂ emission grams per mile among the 4,531 active SmartWay partners.

“

Our continuing SmartWay partnership and high ranking confirms that Logistics Plus is doing its part for environmental sustainability.”

Scott Frederick

Earlier this year, Logistics Plus was recognized as a [2024 G75 Green Supply Chain Partner](#) by Inbound Logistics magazine, and it received Plastic Neutrality Certification for a fourth year through the Ocean Integrity Blue Ocean Program.

About SmartWay

Since 2004, SmartWay has helped its 4,000 partners save 357 million barrels of oil- equivalent to eliminating annual electricity use in over 23 million homes. By helping America’s freight industry reduce its dependence on foreign fuel, we can invest more dollars at home and reduce our

national trade deficit. For information about the SmartWay Transport Partnership, visit <http://www.epa.gov/smartway>.
