"She Is AI" Magazine Set to Launch, Celebrating Women at the Forefront of AI Innovation

SHE IS AI Magazine is more than a publication; it's a movement. We amplify women's voices in AI, foster innovation, and build a community where creativity and tech converge to shape our future."

Amanda Jeffs

A new digital publication highlights the transformative impact of women in the AI industry, driving creativity and technology.

On September 22, 2024, we proudly introduce SHE IS AI, a trailblazing digital magazine dedicated to showcasing the diverse and dynamic world of women shaping the future of artificial intelligence. This inaugural edition will explore the powerful contributions and experiences of women

leading the charge in the rapidly evolving field of AI.

SHE IS AI provides a unique platform for celebrating women's creativity, innovation, and leadership in AI. The magazine delves into how AI is transforming industries like art, fashion, imaging, and animation while also examining the impact of AI on self-expression and inclusivity.

Key features of the magazine include:

In-depth profiles of trailblazing women in AI

Exploration of AI's influence across creative industries

Thought-provoking discussions on ethics, inclusivity, and the future of AI

Showcases of cutting-edge projects and innovations from women leading the charge

"Our mission with SHE IS AI is to inspire, inform, and connect women across the AI landscape,"

said Amanda Jeffs, Editor-in-Chief. "We're excited to bring these essential stories and perspectives to the forefront, sparking conversations about the pivotal role women play in shaping our technological future."

The magazine's launch will accompany an engaging promotional campaign, offering exclusive content and digital perks to early subscribers. SHE IS AI is set to become a go-to resource for anyone passionate about the intersection of women, technology, and design.
