President and CEO of The
DCRO Institute*

Funke serves as the Chief Operating Officer for FBNQuest, the investment banking and asset management businesses of FBN Holdings Plc. In this role, she leads operations for the group and oversees brand strategy, marketing, and reputation management. She also leads strategic planning, innovation initiatives, digital transformation efforts, talent management, employee engagement, and culture development. Prior to this role, Funke served as the Head of Strategy and Transformation. Earlier in her career, she worked for Bloomberg LP, Traiana, and Goldman Sachs. She earned her MSc in Finance, Economics, and Econometrics from the Cass Business School and a BSc in Economics from the University of

Birmingham. Funke is also a graduate of executive programs at the London Business School, the Kellogg School of Management at Northwestern University, and Lagos Business School.

"We are thrilled to welcome someone with the broad operational and market experiences that Funke brings to our programs," said David R. Koenig, QRD®, President and Chief Executive Officer of the DCRO Institute. "She's bound for increased responsibilities and even greater impact with her new learnings."

The Certificate in Cyber Risk Governance® is awarded to those who have completed [an extensive education program](#) led by a global suite of board members, leading C-suite technology executives, law enforcement, and intelligence experts, all with deep knowledge of technology and cyber. Candidate knowledge is validated by evaluation across all subjects covered.

"I am impressed by the program's practical and accessible approach to teaching cyber risk governance principles and best practices," said Ms. Shobanjo. "The Certificate in Cyber Risk Governance® program is straightforward to understand and apply, making it an excellent professional resource. The program's focus on real-world scenarios and case studies helped me better understand the complexities of cyber risk governance and develop practical strategies for mitigating risk," she continued.
