

TuxCare and Ntegral Partner to Offer Extended Lifecycle Support for Critical Systems

PALO ALTO, CA, UNITED STATES,
September 10, 2024 /

EINPresswire.com/ -- [TuxCare](#), a global innovator in enterprise-grade cybersecurity for Linux, today announced it inked a partnership with Atlanta, Georgia-based [Ntegral](#), a leading IT solutions provider and consultancy, to offer Ntegral's customers TuxCare's award-winning [Extended Lifecycle Support \(ELS\)](#) for critical systems, including CentOS 7, CentOS 8, CentOS Stream 8, and Ubuntu 18.04.

TuxCare

The partnership further strengthens Ntegral's solutions offered through the AWS and Azure Marketplace and reinforces Ntegral's focus on bringing their customers to the cloud in the most effective and secure manner possible. With TuxCare's ELS easily available to Ntegral users, they can conveniently and cost-effectively remain assured their virtual machines are continually protected via security updates, patches, bug fixes and technical assistance.

"We're thrilled to join forces with TuxCare to provide our customers with the added stability and support they need to keep their cloud systems running smoothly, even after they reach end-of-life," said Dexter Hardy, President and CTO at Ntegral.

"We're extremely pleased to announce Ntegral as one of our latest U.S.-based partners to add our ELS to their portfolio," said Michael Canavan, Chief Revenue Officer at TuxCare. "By providing peace of mind past end-of-life (EOL) for critical systems, Ntegral brings notable value to their customers through added stability and uninterrupted operations."

More information on Ntegral's offerings with TuxCare ELS is available at:
