Bojun Liu's Innovative Restaurant Design Recognized for Excellence by International Design Competition

COMO, CO, ITALY, September 9, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected international design competition, has announced that [Bojun Liu's](#) "One Barbecue" restaurant design has been awarded the Silver A' Design Award in the [Interior Space and Exhibition Design](#) category. This prestigious recognition highlights the exceptional quality and innovation of Liu's work within the interior design industry.

The Silver A' Interior Space, Retail and Exhibition Design Award is a significant achievement, as it recognizes designs that not only excel in aesthetics but

also in functionality and user experience. Liu's "One Barbecue" design showcases the designer's deep understanding of the local culture and barbecue traditions, creating a space that resonates with the community while offering a fresh and innovative dining experience.

One Barbecue's award-winning design combines the rich heritage of Jinzhou barbecue with a modern, multi-level dining environment. The space introduces light and nature into the narrow layout, creating a sense of openness and freedom within the complex urban setting. Liu's design expertly balances industrial elements, such as exposed cement walls and cast aluminum light fixtures, with warm, inviting spaces that encourage social interaction and a lively atmosphere.

This recognition from the A' Design Award serves as a testament to Bojun Liu's exceptional talent and dedication to pushing the boundaries of interior design. The award is expected to inspire future projects within the Ton Song Ch Design studio, fostering further innovation and
