

DSS Joins AVAHO 2024 in Atlanta, Booths 511 and 600

Live Demos to Address Clinical Pain Points in Oncology

JUNO BEACH, FLA., VT, UNITED STATES, September 9, 2024 /EINPresswire.com/

-- Leading Health Information Technology solutions provider to federal, private, and public health care organizations [Document Storage Systems, Inc.](#) (DSS), is proud to attend

and become one of the bronze sponsors to this year's Association of VA Hematology and Oncology (AVAHO) meeting in Atlanta.

DSS, Inc.

The DSS teams of clinicians and professionals are ready to meet customers and demonstrate clinical workflow solutions for oncology at the convention. DSS will address intractable clinical pain points of infusion clinic staff, oncologists, nurses, hematologists, and other allied health professionals in providing excellent patient care.

The [Infusion Therapy Manager](#) solution (booth 600) is a web-based decision support tool that manages evidence-based protocols. It supports clinical disciplines involved in the accuracy of ordering and administration of infusion therapy. The [Order Tracking Manager Oncology](#) solution (booth 511) provides an electronic patient tracking board for Infusion Clinic staff with centralized real-time views of the patients at the clinic to improve workflow and to prevent delays in patient care.

As a consistent annual AVAHO participant helping care teams in clinical workflow improvements, DSS is committed to caring for the 56,000 Veterans who are diagnosed and treated for cancer each year through patient safety and oncology solutions for a transformational impact to overall Veteran outcomes.

The meeting will be held on Sept. 20 – 22 at the Omni Atlanta Hotel at CNN Center in Atlanta.

AVAHO has a current membership of nearly 1,300 professionals including medical oncologists and hematologists, surgical oncologists, radiation oncologists, pharmacists, nurses, nurse

practitioners, advanced practice registered nurses, physician assistants, social workers, and cancer registrars. AVAHO provides opportunities for networking, strengthens educational activities, and improves the research capabilities among VA hematology/oncology professionals.
