

# Drane Ranger Offers Grease, Grit, and Lint Trap Maintenance Services in Houston

*The leading liquid waste management company in Texas provides comprehensive grease, grit, and lint trap cleaning services in Houston and surrounding areas,*

HOUSTON, TX, UNITED STATES, September 9, 2024 /EINPresswire.com/ -- [Drane Ranger](https://www.drane-ranger.com), a trusted name in liquid waste management since 1985, offers grease, grit, and lint trap cleaning for businesses in Houston and the surrounding areas. With over 38 years of experience in the industry, Drane Ranger is committed to providing top-notch services to ensure compliance with local regulations and maintain the smooth operation of businesses.

According to city laws, grease traps, grit traps, and lint traps in the Houston area must be emptied and cleaned every three months. Failure to do so can result in costly fines and disruptions to business operations. Drane Ranger's team of experienced professionals uses state-of-the-art equipment to safely and efficiently clean traps, ensuring compliance with local regulations and preventing unwanted odors and sewage backups.

"We understand the importance of regular trap maintenance for businesses in Houston," said Mr. Jeb Woods, spokesperson for Drane Ranger. "Our goal is to provide customizable liquid waste solutions that meet the unique needs of each client while ensuring the highest level of customer service and outstanding work."

Drane Ranger's offerings include:

- **Commercial Grease Trap Cleaning:** Regular cleaning of grease traps is essential for preventing unpleasant odors and costly sewage backups. Drane Ranger provides complete grease trap maintenance, including odor control and waste disposal, to keep restaurants and other businesses in compliance with local laws.

- Commercial [Grit Trap Cleaning](#): With Houston's unique landscape, grit traps accumulate more dirt and debris than in other regions. Drane Ranger's grit trap cleaning services prevent water line backups that could otherwise halt operations, saving businesses from costly downtime.
- Commercial Lint Trap Cleaning: For hotels, hospitals, and laundry services, clogged lint traps pose a serious fire hazard and reduce equipment efficiency. Drane Ranger's regular lint trap cleaning services ensure safety and compliance with local regulations.

Customers have praised Drane Ranger for their professionalism and reliability. "Drane Ranger is very professional and reliable. Basically they can take care of all your grease drain needs," said Shelley Morgan, a satisfied client. Another client, Taylor B., commented, "I work with them often, they know what they're doing and always do a great job ☺☺."

Drane Ranger serves businesses in Houston, Alvin, League City, Manvel, Rosharon, Angleton, Friendswood, Pearland, Sugar Land, and Texas City. As an accredited member of the Better Business Bureau, the company is committed to providing the best experience for every client while adhering to industry rules and regulations.
