continues to add to an impressive list of recognitions accumulated over the past year.

Their client-first approach and superior installation practices were recently lauded by EUPD

“

It's always nice to be recognized and receive awards. But more importantly, it's evidence of doing things the right way, using reliable equipment, and taking care of our customers.”

Research. The Germany-based organization, which is focused on sustainability and data research in energy markets, nominated Virtue Solar for its 2024 U.S. Installer Award.

Additionally, Virtue Solar was named to Solar Power World Magazine's 2024 Top Solar Contractors List (<https://www.solarpowerworldonline.com/2024-top-solar-contractors/>). This selective list ranks applicants according to their influence in the U.S. solar industry in 2023.

Headquartered in Charlottesville, Virtue Solar is Central Virginia's top-rated local solar provider, designing and

installing quality commercial and residential solar panel systems since 2015. An industry-leading 25-year service warranty backs up their work across the state – ranging from major [Richmond solar](#) projects to family-sized [Harrisonburg solar](#) installations.

“It's always nice to be recognized and receive awards,” notes Virtue Solar founder Matt Powers. “But more importantly, it's evidence of doing things the right way, using reliable equipment, and taking care of our customers.”

Virtue Solar's other recent achievements include:

-Virtue Solar's certification as a REC Certified Solar Professional:
