KING's Hotel First: A Flagship for Extended Stays

KING's Hotel First, the flagship of the KING's Hotels Munich group, is designed with the needs of long-term guests in mind. In addition to more conventional rooms, the hotel offers a selection of spacious hotel apartments, each equipped with private kitchenettes, dedicated workspaces, and comfortable living areas. This combination provides a practical solution for travellers who require more than just a traditional hotel room.

Hanna King, CEO of KING's Hotels Munich, explains, "Our focus has always been on creating a home-like

environment for our guests, particularly those staying for extended periods. KING's Hotel First exemplifies this commitment by offering accommodations that balance the luxury of a hotel with the practicality needed for a long stay."

Located in Munich's Maxvorstadt district, KING's Hotel First benefits from its proximity to the city's key cultural and business hubs. The hotel is just a few minutes' walk from Munich's Central Station, providing easy access to the city's public transportation network. This central location makes it convenient for guests to explore Munich, whether for business or leisure.

In addition to its accommodations, KING's Hotel First is home to KING's Cafe Munich. By day, this sophisticated communal space is perfect for unwinding with a coffee and a healthy snack or catching up on light work. As evening approaches, the cafe transforms into a cocktail bar.

AdvaStay by KING's: Flexibility for the Modern Traveler

AdvaStay by KING's, located just across the street from KING's Hotel First, caters to the modern traveller who values independence and flexibility. The aparthotel offers fully-equipped hotel apartments, complete with private kitchenettes and spacious living areas, designed to provide guests with the amenities they need for an extended stay.

AdvaStay by KING's shares the same central location advantages as KING's Hotel First, with easy access to public transportation and the city's main attractions. The proximity of both properties allows guests to benefit from the various services and amenities offered across the KING's Hotels group.

KING's Hotel Center: Boutique Hospitality in the Heart of Munich

Complementing the offerings of KING's Hotel First and AdvaStay by KING's is KING's Hotel

Center, another boutique property situated in the Maxvorstadt district. While KING's Hotel Center provides a more traditional hotel experience, it is equally committed to the needs of extended stay travellers.

The hotel features a newly introduced lobby bar and a cosy courtyard garden, offering guests additional spaces to relax and unwind. Like its sister properties, KING's Hotel Center is centrally located, ensuring that guests are never far from Munich's business districts, cultural sites, and transportation links.
