EINPresswire.com/ -- [Aviation Week Network's Digital Transformation Summit](#) (#AWDT) will attract aerospace, defense, and commercial aviation leaders October 8-9 in Southland, Texas. The event will take place at the Delta by Marriott Dallas Southlake and will include a two-day conference and exhibitor showcase packed with information and numerous networking events.

DIGITAL TRANSFORMATION SUMMIT

Aviation Week Network's Digital Transformation Summit

On Monday, October 7 SAE International will host a Workshop on Simulation & Modeling for Certification which will focus on identifying today's top challenges in utilizing digital tools, models, and simulations to improve design, production, and ultimately certification of aerospace vehicles. The workshop will be held prior to Aviation Week's Welcome Reception at the Digital Transformation Summit to provide Industry experts, leaders, and regulators with valuable networking opportunities.

“

This event brings together senior attendees from the aerospace and defense digital chain, in a dedicated in-person forum for exchanging knowledge and networking.”

*Lydia Janow, Sr. Vice
President, Events, Aviation
Week Network*

During the Digital Transformation Summit, manufacturing and supply chain leaders in aerospace, defense and commercial aviation will converge to discuss emerging technological advances and develop strategies to

breakdown the cultural, organizational, and technical implementation barriers. The Summit provides a pivotal forum to accelerate digital transformation success for Tier 1 OEMs and companies of all sizes to move the entire industry forward in unison.

Attendees will hear from industry leading speakers from Lockheed Martin, Spirit AeroSystems, Elbit Systems of America, Pratt & Whitney, GE Aerospace, Siemens, Honeywell Aerospace, Hitachi Digital Services, Amazon Web Services, and many more! A full conference agenda and speaker line-up can be found [here](#) and the key topics include:

- The Current State of Digital Transformation
- Optimizing the Aerospace Value Chain with Digital Twins
- Strategies for Agile Aerospace SMBs
- Smart Manufacturing: Building efficiency in factory operations
