

Startup Ladies Reveal Top 9 Women Founders for 3rd Annual #InvestInWomenFounders Summit

INDIANAPOLIS, IN, UNITED STATES, October 9, 2024 /EINPresswire.com/ -- The Startup Ladies are thrilled to announce the Top 9 women founders who will headline the third annual #InvestInWomenFounders Summit, taking place on December 5 from noon to 6 p.m. at the Delta Faucet Company HQ in Indianapolis. These inspiring women represent the future of scalable business innovation across diverse industries throughout five different states and are ready to grow their companies with the right investments.

“Women-owned businesses represent 42% of all U.S. businesses, but they only receive 2.3% of venture capital. Women of color and LGBTQ+ women founders secure even less. The Startup Ladies are leading the charge in the midwest to help more women launch scalable businesses and secure funding to grow,” said Julie Warnecke, CEO and Founder of Found Search Marketing and Startup Ladies Board member.

Each of the Top 9 founders has developed a business model that addresses viable markets with products and services that are needed and in demand. With the support of investors, these companies are primed to scale, offering significant opportunities for job creation and business growth.

This approach fosters a relaxed, in-depth conversation that allows founders to showcase their business acumen while connecting with the audience. The interviewers will also act as champions for these founders, encouraging the audience to consider how they can assist with securing investment and client connections.
