Our Amalfi One Cardholders were offered dynamic pricing on 99.9% of all flights. Of all the flights in 2024, only one operated with capped hourly rates, and it was in Europe. The breakdown of each hourly rate category is listed below:

Light Jets - \$6,118 USD / 18% saving from the capped hourly rate of \$7,500 USD

Midsized Jets - \$7,774 USD / 18% saving from the capped hourly rate of \$9,500 USD

Super Midsize Jets - \$9,030 USD / 21% saving from the capped hourly rate of \$11,500 USD

Heavy Jets - \$8,923 USD / 34% saving from the capped hourly rate of \$13,500 USD

Ultra Long-Haul Jets - \$13,485 USD / 18% saving from the capped hourly rate of \$16,500 USD

The [Amalfi One Jet Card](#) is one of the few products in the industry that offers clients dynamic pricing, allowing members to benefit from significant cost savings when available. This approach has consistently strengthened client loyalty, boosted retention, and fostered long-term trust.

“In this industry, transparency is key, and many clients feel they're being overcharged by their providers,” said Brian Francis, President of Sales. “With dynamic pricing, we’ve managed to cut clients travel expenses while maintaining the premium experience they expect.”

For the month of September, Amalfi is incentivizing current jet card holders to switch to the Amalfi One Jet Card with a minimum deposit of only \$1 when you show proof of current jet card membership, private jet membership, on-demand charter program, or fractional ownership with another provider.
