RIVAL GROUP COMPANIES

Sixty-five percent of leadership roles at the companies are now held by women, underscoring the companies' commitment to the strength and diversity of their teams. This announcement comes on the heels of the companies' news of extensive platform sales and blue-chip client expansion in the first half of 2024, and the launch of Rival Labs, an innovation sandbox for conversational research.

“

Our teams are at the forefront of creating innovative new methods and approaches...positioning us to lead in the emerging AI-accelerated, mobile-first insights landscape.”

Matt Kleinschmit, CEO and Founder, Reach3 Insights

“Our teams are at the forefront of creating innovative new methods and approaches that are being embraced across the industry,” said Matt Kleinschmit, CEO and Founder of Reach3 Insights. “By developing these cutting-edge skills, they are positioning themselves—and our companies—to lead in the emerging AI-accelerated, mobile-first insights landscape.”

Reach3 Insights' had several promotions at a senior director level or above this year. After more than five years

with the company, Jenna Shuster has been promoted to Senior Vice President, where she serves as a team leader that is instrumental in ensuring account development and project success. Other promotions include William Buxton, Senior Research Director, who is a financial services team lead; Katie Lahman, Senior Research Director, an innovative, insights-driven researcher across key verticals; Terrence Wong, Senior Director, leading technical operations and solutions; and Christine Nguyen, Senior Research Director, an experienced researcher and consultant driving data-driven insights.

At Rival Technologies, Phoebe To was promoted to VP of Engineering, overseeing technology development and implementation. New senior-level hires at Rival include Aarathi Ramnath as Director of Product Marketing, where she will drive outreach for the company's conversational research platform; Bobby Calise as Senior Account Executive in sales and client relationship management; and Bill Cinco as Senior Software Engineer, tasked with directing software development projects. Other promotions include Ritika Aggarwal to Senior Product Manager, Eric Hong to Senior Software Engineer and Paula Catoira to Chief Marketing Officer.

Catoira said, "As we strategically expand our workforce, we're not just adding numbers—we're enriching our company culture and enhancing our ability to serve our clients better. The promotions and new hires we're announcing today reflect our commitment to fostering a dynamic and innovative work environment that is inclusive and empowering."

About Rival Tech and Reach3

Rival Technologies and Reach3 Insights are the pioneers in conversational research and the leading authority on insight communities. Rival's mobile-first, conversational platform helps transform conventional surveys into personalized research experiences that emulate the way people communicate today. Reach3 is an award-winning full-service consulting firm that uses immersive, in-the-moment research designs and dynamic digital storytelling to deliver deep experiential insights. Amplified by AI, Rival and Reach3's conversational research approach delivers higher response rates, deeper engagement, and faster time-to-insights. To learn why brands like Coca-Cola, Dell Technologies, Kimberly-Clark, and Warner Bros. have made the switch to conversational, please visit rivaltech.com or reach3insights.com.
