

# Uncover The Light by Yao-Cheng Tseng Wins Silver in A' Interior Design Awards

*Yao-Cheng Tseng's Innovative Interior Design Project Recognized for Excellence by Prestigious International Jury*

COMO, CO, ITALY, September 12, 2024

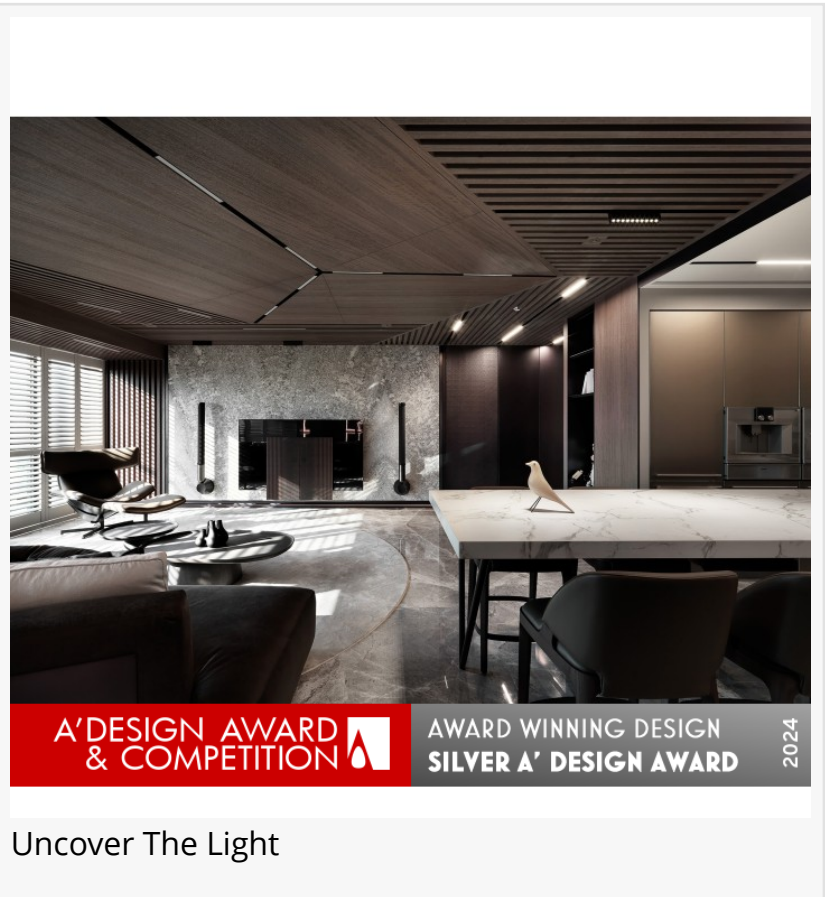

[/EINPresswire.com/](https://EINPresswire.com/) -- The A' Design Award, a highly respected recognition in the field of [interior](#) design, has announced [Yao-Cheng Tseng's](#) project "Uncover The Light" as a Silver Award winner in the Interior Space and Exhibition Design category. This prestigious accolade highlights the exceptional quality and innovation of Tseng's work, positioning it among the best in the industry.

Uncover The Light showcases Tseng's mastery of interior design principles, offering a solution that resonates with both industry professionals and end-

users. The project's innovative use of space, carefully selected materials, and thoughtful color scheme demonstrate its relevance to current trends and needs within the interior design landscape. By pushing the boundaries of design while maintaining functionality, Uncover The Light sets a new standard for excellence in the field.

Tseng's award-winning design stands out for its unique approach to light and shadow, utilizing grilles and adjustable blinds to create a dynamic interplay between dark and light tones. The irregular arrangement of grilles on the ceiling exposes various lines, adding visual interest and depth to the space. The step area between contrasting color tones serves as a transitional element, harmonizing the preferences of the clients while maintaining a cohesive aesthetic.

The recognition bestowed upon Uncover The Light by the A' Interior [Design Awards](#) is expected to inspire future projects within Tseng's brand, fostering further innovation and exploration in

the realm of interior design. This achievement serves as a testament to the dedication and skill of Tseng and his team, motivating them to continue pushing the boundaries of design excellence.

Uncover The Light was brought to life through the collaborative efforts of Yao-Cheng Tseng, who led the design process, and the talented team at Chang Ju Space Design.
