

Enhancing NaXum's Platform for a Smoother User Experience

NaXum announced today significant updates to its platform designed to enhance user experience and streamline operations.

LAS VEGAS, NV, UNITED STATES, September 17, 2024 /EINPresswire.com/ -- [NaXum](#) announced today significant updates to its platform designed to enhance user experience and streamline operations.

The recent updates focus on improving platform performance, functionality, and security. Key enhancements include:

Redesigned Shopping Cart: The shopping cart has been redesigned with a user-friendly sidebar menu, providing easier navigation and access to essential tools.

Performance Optimization: Issues causing continuous refreshing on Money Member and Admin Pages have been resolved. Additionally, the Virtual Office Dashboard has been optimized by eliminating redundant API calls, resulting in faster load times.

LMS Admin Tool Integration: UX Designer Stephen Tabios has integrated the necessary backend functionality for the new LMS Admin Tool, enabling smoother management of learning tools within the platform.

Enhanced Ledger Security: Commissions Engineer Sydney Ogbonna has implemented a critical improvement to the Ledger system. Members are now required to complete essential steps, such as setting up payment accounts and submitting tax forms, before withdrawing funds. This ensures a more secure and compliant experience for all users.

NaXum's latest updates showcase its commitment to delivering innovative referral marketing solutions that are not only efficient but also intuitive. The company aims to provide the best possible experience for all users, making the platform a leading choice in the market.
