and fitness enthusiast across North

America, [1Hour After](#), the pioneering athletic body care brand, is excited to announce the recent launch of its groundbreaking [Athletic Affiliate Program](#). This exclusive initiative targets athletes, fitness influencers & enthusiasts across the United States and Canada, offering a unique platform to earn rewards, receive premium products, and actively contribute to developing innovative post-workout body care solutions.

Revolutionizing Affiliate Marketing & Empowering the Fitness Community

The 1Hour-After Athletic Affiliate Program goes beyond traditional revenue sharing. The program is designed to cater to a diverse range of individuals within the sports and fitness community. From professional athletes and weekend warriors to dedicated gym-goers and fitness influencers, this program opens doors for anyone passionate about athletic performance and recovery, providing an opportunity to actively influence product development by testing and giving feedback on new formulations, ensuring they meet the daily demands of athletes.

Traditional affiliate programs prioritize only sales performance, with minimal interaction between the brand and the influencer. 1Hour After addresses these issues by:

- Offering better engagement with influencers, enabling affiliates to play an active role in shaping product improvements through ongoing feedback loops.
- Providing unique rewards like exclusive product access, race day and event entrance fees covered, educational webinars, and training sessions that go beyond monetary commissions.
- Ensuring flexible participation with no minimum sales thresholds, allowing affiliates to grow at their own pace without pressure.

This comprehensive approach empowers affiliates by creating a deeper partnership, enabling them to take ownership of the products they promote.

Vince Alton, CEO of 1Hour After, expressed his enthusiasm for the new program:

"At 1Hour-After, we believe our products significantly impact an athlete's journey. With this affiliate program, we're not just promoting products but fostering a community of like-minded athletes who understand the importance of proper recovery in achieving peak performance. This program embodies our commitment to collaborative innovation in athletic body care."

A Win-Win for Athletes and Fitness Enthusiasts

The program introduces a four-tier system (Entry, Bronze, Silver, Gold) designed to reward affiliates based on their reach and engagement within the fitness community. Participants in the 1Hour After Athletic Affiliate Program will benefit from:

1. Generous Commission Structure: Earn up to 40% competitive commissions on every sale through unique affiliate links.
2. Exclusive Product Access: Be among the first to try new 1Hour After products and provide valuable feedback.
3. Educational Resources: Gain insider knowledge about athletic recovery and body care through exclusive webinars and training materials.
4. Community Engagement: Connect with like-minded individuals passionate about sports and fitness.
5. Flexible Participation: No minimum sales requirements, allowing affiliates to participate at their own pace.

Science-Backed Products for Confident Promotion

1Hour After's commitment to quality and efficacy is evident in its rigorous approach to product development. All formulations are backed by scientific research, with ingredients carefully selected and blended by experts in the USA and Canada. This dedication to science-based solutions allows affiliates to confidently promote products, knowing they support a brand that prioritizes effectiveness and safety.

Giulia Sellitto, Head of Innovative Cosmetic Formulations at 1Hour After, added:

"Our affiliates are not just promoting products; they advocate for a scientifically proven approach to athletic recovery and performance. Each item in our lineup is meticulously designed to optimize pre- and post-workout body care routines, catering to athletes across all disciplines and skill levels."

The 1Hour After Athletic Affiliate Program is now open for registration to eligible athletes and fitness enthusiasts in the US and Canada.
