

Upgaming Launches New Mini Game: Shooting Range

Enterprise iGaming solutions provider Upgaming unveils Shooting Range, a thrilling mini-game with multiple difficulty levels and dynamic rewards

ZUG, SWITZERLAND, September 13, 2024 /EINPresswire.com/ -- Leading iGaming Solutions provider Upgaming announced the release of its newest mini game, Shooting Range. Designed for both casual and experienced players, Shooting Range is an exciting, fast-paced game that tests players' aim, precision, and luck.

The gameplay is straightforward: players aim, shoot, and try to hit the correct target in each round. The game offers three difficulty levels—low, medium, and high—allowing players to choose the level of challenge they prefer. Each difficulty mode has eight targets, with the risk of missing increasing as the difficulty rises. The higher the risk, the greater the reward, creating an engaging experience for players.

In low-risk mode, players face just one incorrect target, while medium mode introduces two, and high-risk mode has three. As players successfully hit targets, their winnings and multipliers increase, rewarding accuracy and daring decisions. For those who love taking risks, Shooting Range offers the chance to multiply their winnings even more through its unique bonus round.

In the bonus round, players have a 50/50 chance to triple their winnings in low-risk mode, multiply them by six in medium-risk mode, or even by ten if they were playing with a high-risk mode. It's a thrilling test of nerves, where one well-placed shot can lead to massive rewards.

Upgaming is gearing up to introduce Shooting Range to the world at two major industry events. Attendees at [SBC Summit Lisbon](#), from September 24 to 26, will be the first to experience this exciting new game.
