BIRMINGHAM , AL, UNITED STATES,
September 16, 2024 /

EINPresswire.com/ -- The Alabama Mesothelioma Victims Center is urging a steel mill or foundry worker who has just been diagnosed with lung cancer or mesothelioma anywhere in Alabama or their family members to please call the lawyers at the Birmingham based Environmental Litigation Group at 866-714-6466 to discuss financial compensation. A compensation claim for asbestos exposure lung cancer might exceed \$100,000 and for mesothelioma in Alabama might exceed a million dollars.

The group says, "Alabama is renowned for its steel mills and foundries and asbestos exposure was a huge problem at these types of workplaces prior to the mid-1980s. Not only were the mills and foundries insulated with asbestos-most of the equipment, pipes, machinery contained asbestos as well. A significant number of workers at these types of facilities were required to wear clothing or gear made with asbestos.

"If your husband or dad has just been diagnosed with lung cancer or mesothelioma anywhere in Alabama and he worked at a steel mill or foundry before the mid-1980s please call the Environmental Litigation Group anytime at 866-714-6466. Compensation might be significant."
