With the introduction of virtual care, patients can now receive the same high-quality psychiatric care and personalized wellness services from the comfort of their homes. The virtual care service is available to both new and existing patients, offering a secure and confidential platform for consultations, therapy sessions, and medication management.

"At Shamrock Medicine, we understand that seeking mental health support can be challenging, especially when juggling busy schedules and personal commitments," said [Dr. Peter Kelly](#), Owner and Spokesperson of Shamrock Medicine. "Our virtual care service is designed to bridge the gap, providing patients with convenient access to the care they need, when they need it."

In addition to virtual care, Shamrock Medicine has introduced a membership plan, offering patients an affordable and comprehensive solution for their mental health needs. The membership plan, priced at \$249 per month or \$2,490 per year, is 100% covered by Health Savings Accounts (HSA) and is tax deductible. Members have access to virtual care, convenient in-person appointments with a provider, and an online patient portal for seamless communication and record-keeping.

Shamrock Medicine differentiates itself by focusing on building strong patient-provider

relationships and developing individualized treatment plans tailored to each patient's unique needs. The practice's team of experienced professionals, led by board-certified physicians, is dedicated to promoting long-term mental well-being for adults and children over the age of five.

Benefits of Shamrock MedPlus:

- **100% Covered by HSA and Tax Deductible:** The membership fee is a qualified medical expense, making it reimbursable through Health Savings Accounts (HSAs) and potentially tax-deductible.
- **Unlimited Virtual Appointments:** Members have access to unlimited virtual appointments with a board-certified physician, ensuring they receive the ongoing support they need.
- **Discounted In-Person Visits:** Shamrock MedPlus members receive reduced rates for in-person appointments at any of the practice's three convenient locations.
