CertainTeed Integrity Roofing System®

CertainTeed offers a variety of shingles in multiple styles and colors, supported by a

comprehensive warranty. These shingles are designed to improve both the appearance and resilience of the roof. Additionally, the roofing system features components such as ridge vents and intake vents to promote airflow and prevent moisture buildup. The system also includes a high-performance underlayment that acts as a barrier against water, wind-driven rain, and ice dams.

The installation of this system is intended to provide homeowners with a dependable roofing solution that addresses a wide range of environmental conditions.

For more information about the CertainTeed Integrity Roofing System® or to schedule an installation, visit Window World of Central Valley's website or call 540-946-0770.
