Perla Lichi enters her 40th year of professional interior design.

“

Her joy of living. Her genuine love of people. Her passion for design and a desire to share this passion with everyone. That's Perla!”

Recent Client Testimony

Since 1984, when she started to design interiors, Lichi has worked on countless projects, from luxury homes and estates to condominiums, town homes, and light commercial spaces. Her unique approach to design, blending traditional, tried and true methods with the very latest technology and products, has earned her recognition and accolades from clients and industry professionals alike. She has received innumerable awards and accolades over the years. Lichi's work has been featured in many

magazines and newspapers which are showcased on her website. These include Decorbook USA, Luxury Guide USA, Florida Design, Florida Decor, Metropolitan Home, The Miami Herald, The Fort Lauderdale Sun-Sentinel, and more. She has been interviewed about design by television and radio hosts from coast to coast. Lichi has an active social media outreach by which thousands of followers can follow her daily.

As she reflects on her 40-year journey, Lichi is grateful for the opportunities and challenges that have shaped her career. "I am honored to have reached this milestone," she says. "We

experienced a real estate downturn in the States that led to opening a showroom in Dubai in 2010 and welcoming over 20 grand projects from new clients in five countries. Ten years later, we made it through the pandemic when others couldn't. I am especially grateful for the trust and support of my clients, who have allowed me to bring their visions to life. I am also thankful for my team of talented designers and staff, who over these many years have been instrumental in the success of my business."

To celebrate this momentous occasion, Perla Lichi Design will be hosting a series of events throughout the year. Lichi also recently released her seventh coffee table book, "You Can't Make This Up! Oh Yes I Can," featuring her latest designs. The book, available from her website, compares interior design and high fashion. An all-new, completely revamped Perla Lichi Design website will soon be released and will be updated with the latest news about the anniversary year. "You can learn more about me, how we work, and view almost all of my projects," says Lichi. "I warn you, there are quite a few projects you can look at that I have completed over these four decades. And many more to come."

As she looks towards the future, Lichi remains committed to delivering exceptional design services and creating timeless spaces that reflect her clients' unique personalities and lifestyles. With 40 years of experience under her belt, Perla Lichi continues to be a force to be reckoned with in the world of interior design and especially in the world of [modern luxury interior design](#).
