

Paymerang Partners with Veracross to Provide AP Automation to K-12 Schools

RICHMOND, VA, UNITED STATES,
September 16, 2024 /
EINPresswire.com/ -- [Paymerang](#), a
leading financial automation platform,
has partnered with School

Management Solutions provider Veracross, a leader in the private and independent K-12 education sector, to provide accounts payable (AP) automation to K-12 schools across the country.

“We are proud to partner with Veracross,” said Paymerang CEO Nasser Chanda. “It is a privilege for Paymerang’s platform to serve K-12 institutions across the country and help support the vital role they play in society.”

Paymerang’s award-winning AP automation platform provides schools with the ability to fully automate their AP processes, resulting in more efficient, seamless financial processes with enhanced protection against fraud. Through Paymerang, institutions can receive invoices, code and approve them, and push them into the Veracross student information system electronically. Payment data then flows from Veracross to Paymerang for seamless disbursement, follow-up, reconciliation, and fraud protection on vendor, employee, and parent payments.

Paymerang’s AP automation capabilities allow an institution’s finance team to reduce time spent on tedious, repetitive manual tasks by more than 80%. The platform’s fraud mitigation protocols help to combat the growing risk of payment fraud that threatens educational institutions.
