EINPresswire.com/ -- Courage, friendship, kindness—these timeless values from classic children's literature now come to life with [Gnoce's](#) enchanting collaboration with the British Library. Bringing the magic of these beloved stories into everyday life, Gnoce adds a touch of fantasy to the ordinary. The treasure trove of charms and pendants is designed to inspire wearers to chase their dreams and happiness with the same courage and hope found in children's literature.

The Wonderful Wizard of Oz Collective

The customized fashion jewelry brand, Gnoce, proudly introduces nine collaborative series with the British Library, each designed based on the library's collections related to natural history and children's literature. These series include Splendor Solis, The Wonderful Wizard of Oz, The Temple of Flora, The Birds of America, Puss in Boots, The Little Mermaid, A Midsummer Night's Dream, and beloved classics like Alice's Adventures in Wonderland and Cinderella. Collaborating with the British Library, the national library of the UK and one of the largest in the world, Gnoce adds a distinguished and enriching dimension to its product portfolio. With a collection of over 170 million items and continually growing, the British Library represents a pinnacle of cultural and historical preservation.

Alice's adventurous spirit, bravery in the face of the unknown, and journey of self-discovery profoundly moved Gnoce's designers. Drawing inspiration from Sir John Tenniel's illustration, The Nursery "Alice", they have crafted [pendants and charms](#) that bring to life Alice's encounters in the rabbit hole—from the Mad Hatter's tea party to the Cheshire Cat's mysterious smile—using vibrant colors and 925 Sterling Silver. These exquisite pieces encourage wearers to draw strength from Alice's story, facing life's challenges as part of their adventure.

The universally beloved tale of Cinderella, embodying qualities of kindness, courage, and

optimism, is infused into Gnoce's Cinderella collection of charms and pendants. Inspired by the illustrative interpretations of classic Cinderella story by Harry Clarke, Walter Crane, and Arthur Rackham, our designers have vividly recreated essential elements of the story using Aquamarine Blue stones and 925 Sterling Silver, capturing the magic of the pumpkin carriage, the clock striking midnight, and the iconic glass slipper. By wearing these beautiful charms and pendants, Gnoce aims to convey to their customers that, no matter how challenging the times, holding onto their dreams and kindness will bring the world's beauty and gentleness forward.

At Gnoce, we believe that while reality may often be less enchanting than children's literature, filled with various challenges and setbacks, love and hope can help people write their own story in real life. This belief is the driving force behind the creation of these collections.
