

Global Wired Charging Market Overview And Statistics For 2024-2033

*Wired Charging Global Market Report
2024 – Market Size, Trends, And Forecast
2024-2033*

LONDON, GREATER LONDON, UNITED KINGDOM, September 18, 2024

/EINPresswire.com/ -- The [wired charging market](#) has experienced robust growth in recent years, expanding from \$13.93 billion in 2023

to \$14.63 billion in 2024 at a compound annual growth rate (CAGR) of 5.0%. The growth in the historic period can be attributed to proliferation of smartphones, consumer electronics adoption, electric vehicle charging, urbanization and mobility, wireless charging integration.

Growth Driver of The Wired Charging Market

The growing demand for the installation of charging stations is driving the growth of the wired charging market. Wired charging is usually done with a cable and is used to charge various consumer electronics, electric vehicles, healthcare products, and personal care products. The increasing awareness of protecting the environment has made consumers prefer electric vehicles more. As the demand for electric vehicles grows, there will be a significant need for

charging infrastructure which needs wired charging to be employed at these stations.

Which Market Players Are Driving The Wired Charging Market Growth?

Key players in the wired charging market include ABB Ltd., AOYAMA Elevator Co. Ltd., Apple Inc., Dell Technologies Inc., Delta Electronics Inc., Amazon.com Inc., Anker Innovations Limited, AUKEY, Belkin International Inc., Cable Matters Inc., Duracell Inc., Energizer Holdings Inc., Griffin Technology LLC, Hama GmbH & Co KG, SDI Technologies Inc., Incipio LLC, JBL International Ind., Just Wireless, Monoprice Inc., mophie LLC, Native Union Design Limited, Nekteck Inc., Koninklijke Philips N.V., Pisen Electronics Co. Ltd., RAVPower Inc., Samsung Electronics Co. Ltd., Scosche Industries Inc., Sony Corporation, Targus Group International Inc., Ugreen Group Limited, Ventev Innovations LLC, XtremeMac.

What Are The Key Trends That Influence Wired Charging Market Share Analysis?

Major companies operating in the wired charging market are launching new innovative charging series to enhance the charging experience. An innovative charging series includes collection of cutting-edge, technology-driven solutions for powering and recharging electronic devices.

How Is The Global Wired Charging Market Segmented?

- 1) By Type: Type C, Micro USB, Lightning, Other Types
- 2) By Charging Type: Standard, Fast
- 3) By Sales Channel: Online, Offline
- 4) By Application: Automotive, Consumer Electronics, Smartphones, Tablets, Healthcare Devices, Other Applications

Geographical Insights: Asia-Pacific Leading The Wired Charging Market

Asia-Pacific was the largest region in the wired charging market in 2023. The regions covered in the wired charging market report include Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa.

Wired Charging Market Definition

The wired charging refers to the charging in which a cable plugs into the electronic device being charged and transfers power from the source. A charger usually has two parts, one is a plug that goes into an outlet and another is a head that attaches to the device. Wired charging makes use of a wire or cable to charge a device and is used to charge various consumer electronic products, electric vehicles, and other electronic products.

[Wired Charging Global Market Report 2024](#) from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Macroeconomic factors affecting the market in the short and long run
- Analysis of the macro and micro economic factors that have affected the market in the past

five years

- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

An overview of the global wired charging market report covering trends, opportunities, strategies, and more

The Wired Charging Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on wired charging market size, wired charging market drivers and trends, wired charging market major players, wired charging competitors' revenues, wired charging market positioning, and wired charging market growth across geographies. The wired charging market report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.
