

# VSAT (Very Small Aperture Terminal) Market Size, Share, Revenue, Trends And Drivers For 2024-2033

*The Business Research Company's VSAT (Very Small Aperture Terminal) Global Market Report 2024 – Market Size, Trends, And Global Forecast 2024-2033*

LONDON, GREATER LONDON, UNITED KINGDOM, September 18, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- The VAST (very small aperture terminal) market has experienced robust growth in recent years, expanding from \$10.92 billion in

2023 to \$12.53 billion in 2024 at a compound annual growth rate (CAGR) of 14.7%. The growth in the historic period can be attributed to remote connectivity needs, emergency and disaster response, rural and remote broadband access, maritime and aviation communication, military and defense applications.

What Is The Estimated Market Size Of The Global VSAT (Very Small Aperture Terminal) Market And Its Annual Growth Rate?

The VAST (very small aperture terminal) market is projected to continue its strong growth, reaching \$20.85 billion in 2028 at a compound annual growth rate (CAGR) of 13.6%. The growth in the forecast period can be attributed to increasing maritime and aviation demand, digital inclusion initiatives, cybersecurity and data

protection, I-band and ka-band expansion, emergency response and disaster recovery.

VSAT (Very Small Aperture Terminal) Global Market Report 2024 : Market Size, Trends, And Global Forecast 2024-2033

The increased use of commercial satellites is expected to propel the growth of the VSAT (Very Small Aperture Terminal) market going forward. A commercial satellite, also known as a private satellite, is a type of artificial satellite used for various commercial purposes, primarily telecommunications, earth observation, broadcasting, and remote sensing. VSAT, or Very Small Aperture Terminal, is a technology commonly used in commercial satellites to establish two-way communication links between remote sites or users and a central hub or network. VSAT systems are popular in the commercial satellite industry for various applications, primarily due to their efficiency, scalability, and ability to provide reliable connectivity.

Which Market Players Are Driving the VSAT (Very Small Aperture Terminal) Market Growth?

Key players in the VAST (very small aperture terminal) market include Orbit Communication Systems Ltd., L3Harris Technologies Inc., Inmarsat Global Limited, Viasat Inc., Gilat Satellite Networks Ltd., Hughes Network Systems LLC, Comtech Telecommunications Corp., ST Engineering iDirect, Bharti Airtel, VT iDirect Inc., Global Eagle Entertainment (EMC), SpeedCast International Limited, Advantech Co. Ltd., Newtec, Tatanet, Polarsat Inc., China Aerospace Science and Industry Corporation, Satellite Systems and Telecommunications Consulting, Satcom Direct Inc., Intelsat General Corporation, SES Government Solutions, Telesat, Eutelsat S.A., KVH Industries Inc., Satcube AB, Sky and Space Global Ltd., Thaicom Public Company Limited, Al Yah Satellite Communications Company P.J.S.C., X2nSat Inc.

What Are the Emerging Trends Shaping the VSAT (Very Small Aperture Terminal) Market Overview?

Major companies operating in the VSAT (Very Small Aperture Terminal) market are focused on introducing next-generation VSAT antenna systems to gain a competitive edge in the market. Next-generation VSAT antenna systems are advanced satellite communication systems that provide high-speed broadband connectivity to various industries, including maritime, aviation, and land-based applications.

How Is The Global VSAT (Very Small Aperture Terminal) Market Segmented?

- 1) By Type: Standard VSAT, USAT
- 2) By Solution: Equipment, Support Services, Connectivity Services
- 3) By Platform: Land VSAT, Maritime VSAT, Airborne VSAT
- 4) By Frequency: Ku-Band, Ka-Band, X-Band, C-Band, L-Band, S-Band, Multi-Band
- 5) By Verticals: Healthcare, Energy And Power, Education, BFSI, Media And Entertainment, Retail, Transportation And Logistics, Telecommunications, Maritime, Other Verticals

Geographical Insights: Asia-Pacific Leading The VSAT (Very Small Aperture Terminal) Market

Asia-Pacific was the largest region in the VSAT (very small aperture terminal) market share in 2023. Asia-Pacific is expected to be the fastest-growing region in the forecast period. The regions

covered in the vsat (very small aperture terminal) market report include Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa.

### [VSAT \(Very Small Aperture Terminal\) Market Definition](#)

The VSAT (very small aperture terminal) are used to transmit and receive data, voice, and video signals over a satellite communication network. The VSAT refers to a satellite communications system that provides a tiny-sized earth station that contains a two-way ground station. That transmits and receives data from satellites, and this technology is capable of up-linking and down-linking communication.

VSAT (Very Small Aperture Terminal) Global Market Report 2024 from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Macroeconomic factors affecting the market in the short and long run
- Analysis of the macro and micro economic factors that have affected the market in the past five years
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

An overview of the global VAST (very small aperture terminal) market report covering trends, opportunities, strategies, and more

The VSAT (Very Small Aperture Terminal) Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on VAST (very small aperture terminal) market size, VAST (very small aperture terminal) market drivers and trends, VAST (very small aperture terminal) market major players, VAST (very small aperture terminal) competitors' revenues, VAST (very small aperture terminal) market positioning, and VAST (very small aperture terminal) market growth across geographies. The VAST (very small aperture terminal) market report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.

### [What Does The Business Research Company Do?](#)

The Business Research Company publishes over 15,000 reports across 27 industries and 60+ geographies. Our research is powered by 1,500,000 datasets, extensive secondary research, and exclusive insights from interviews with industry leaders. We provide continuous and custom research services, offering a range of specialized packages tailored to your needs, including Market Entry Research Package, Competitor Tracking Package, Supplier & Distributor Package, and much more.

Our flagship product, the Global Market Model (GMM), is a premier market intelligence platform delivering comprehensive and updated forecasts to support informed decision-making.
