This unique program, exclusive to The Last Resort, addresses the often overlooked underlying trauma that fuels addiction, offering a transformative path to long-term sobriety.

The Healing Heart Experience: A Rite of Passage for Men

Addiction is frequently rooted in unresolved trauma, which can hinder emotional and spiritual growth, leading to chronic relapse. The Healing Heart Experience at The Last Resort Recovery Center is built on the understanding that to achieve sustained recovery, both addiction and the trauma beneath it must be treated concurrently.

Inspired by the archetypal Hero's Journey, the Healing Heart Experience guides participants through a process of self-discovery and healing. This journey mirrors the path to sobriety, where men confront and overcome their challenges, ultimately emerging transformed.
