

VISUAL STUDIO MAGAZINE ANNOUNCES THE WINNERS OF ITS 2024 READER'S CHOICE AWARDS

Visual Studio Magazine, a provider of enterprise solutions for .NET developers, is proud to announce the winners of its 30th annual Reader's Choice Awards.

WOODLAND HILLS, CA, UNITED STATES, September 18, 2024 /EINPresswire.com/ -- [Visual Studio Magazine](#), a provider of enterprise solutions for .NET developers and a part of [Converge360](#), a division of 1105 Media, is proud to announce the winners of its 30th annual Reader's Choice Awards.

Visual Studio Magazine readers have once again shared their opinions on the best third-party tools, components and services to use with Microsoft's flagship IDE in the .NET-centric software development space.

"This past year saw many new challenges for developers, including adapting to the new world of AI-assisted coding," said David Ramel, Editor in Chief of Visual Studio Magazine. "While developers and architects are now using an array of exciting new offerings, the tried-and-true bedrock tooling for nuts-and-bolts programming is still vitally important, and our readers have once again provided a valuable, crowd-sourced synthesis of the best products and services straight from the front-line trenches."

Across 43 categories, voters chose from hundreds of products, with the top three entrants with the most votes in each category receiving gold, silver and bronze badges, respectively.

The list of winners can be viewed below and at <https://visualstudiomagazine.com/microsites/readers-choice-awards/2024/home.aspx>
