Growth Driver Of The Sex Toys Market

The expansion of e-commerce is expected to propel the growth of the sex toys market going forward. E-commerce, short for electronic commerce, refers to the buying and selling goods and services over the Internet. The expansion of e-commerce is due to mobile technology, digital marketing, logistics, and supply chain management advances, AI to personalize the buying experience, and buy-now-pay-later services. Sex toys are widely sold through e-commerce platforms due to the privacy, convenience, detailed product information, and variety they offer to consumers.
