## Growth Driver Of The Certified Gemstones Market

The surge in the use of ornaments is expected to propel the certified gemstone market's growth going forward. Ornaments are decorative objects that are used to enhance the jewelry's appearance. They are typically non-functional accessories that add beauty, grace, or festivity. The surge in the use of ornaments can be attributed to evolving fashion trends, cultural and social significance, personal expression, improved economic conditions, advancement in manufacturing, and effective marketing strategies. Certified gemstones enhance jewelry by ensuring authenticity and quality assurance through detailed analysis and increased market confidence and investment value.
