

# ICON Technologies Offers Durable and Affordable RV Bathtubs for the Modern Traveller

*The leading provider of RV solutions offers a range of high-quality, cost-effective RV bathtubs, enhancing comfort for North American RV enthusiasts.*

WINKLER, MANITOBA, CANADA,  
September 18, 2024 /

EINPresswire.com/ -- [ICON Technologies](#), a leading provider of innovative thermoformed solutions for RVs, offers a line of durable and affordable bathtubs designed specifically for recreational vehicles. This new product range aims to meet the growing demand for comfortable and practical amenities in modern RVs.

The new [RV bathtub](#) collection includes various models to suit different RV layouts and customer preferences. The TU500 series offers sit-in step tubs with both left-hand (TU500LH) and right-hand (TU500RH) drain options. For those seeking a more spacious bathing experience, the TU600 and TU700 series provide full-size RV bathtubs, also available in left-hand and right-hand drain configurations.

John Loewen, President and CEO of ICON Technologies, commented, "For 25 years, we've been committed to enhancing the RV experience through innovative solutions. Our bathtub line represents our ongoing dedication to quality, affordability, and customer satisfaction in the RV industry."

ICON Technologies' expertise in thermoforming and rotational moulding techniques ensures that these bathtubs are not only durable but also lightweight, making them ideal for RV applications. The company's focus on innovative design and low-cost prototyping has allowed them to offer these high-quality products at competitive prices.

Key features of Icon Technologies' RV bathtubs include:

- **Durability:** Constructed from high-quality thermoformed plastic for long-lasting use.
- **Affordability:** Competitively priced to suit various budgets.

- Space-Saving Design: Available in configurations that optimize RV bathroom space.
- Easy Installation: Designed for straightforward installation within RVs.
- Variety of Options: Offered in left-hand and right-hand drain models.

The bathtubs are backed by ICON's comprehensive warranty, which covers defects in material and workmanship under normal usage for one year from the date of sale. This warranty underscores the company's confidence in the quality and durability of its products.

Customers have already begun to praise ICON's products and service. Steve Bean, a recent customer, stated, "My experience with Icon Direct was outstanding. My representative Ryan was speedy, experienced, and well spoken. The price was even lower when he found an in-stock item compared to getting it custom. Thanks and great job!"

Another satisfied customer, Guy Vachon, added, "Excellent service. Before buying I asked some questions and Ryan kindly answered to them. Make regular follow up during the process before and after sales just to be sure that everything was OK for me. Highly recommend. Thank you Ryan."

ICON Technologies serves RV owners across North America, with its manufacturing and shipping facility located in Winkler, Manitoba. The company's products are available both online and through a strong international network of RV aftermarket distributors.

For RV enthusiasts looking to upgrade their vehicles with high-quality, affordable bathtubs, ICON Technologies offers a 30-day refund policy for items returned in new condition. The company also provides tracking information for all orders and ensures prompt handling of any shipping issues.
