EINPresswire.com/ -- Rising R&B star [Nikki Hayes](#) just released her highly anticipated single "[Above Trees](#)," an introspective love song she wrote from a place of self-love and acceptance.

Showcasing Nikki's signature blend of heartfelt lyrics and enchanting vocals, the captivating new track draws inspiration from R&B greats like Beyoncé, Stevie Wonder, and Toni Braxton. Functioning as a love song to herself, Nikki shared, "It's a song where I could say everything I've wanted to say, and hear everything I've wanted to hear. When we give ourselves our love, we learn that every bit of love comes from within — whether for ourselves, another person, or anything else."

With ethereal production from Joe Capo Kent and influences from artists like Daniel Caesar and D4VD, the song encapsulates Nikki's journey of self-discovery and resilience through its powerful narrative and vocals.

“

'Above Trees' is about remembering what my love feels like — from giving my love to myself to receiving it unconditionally and openly."

Till I fill all the air of you
I know that it's law to love you
And no one can take it from you

I could write you a love song every day
I could rest in your face
I could drown in your ways
