

WTFast and TP-Link's partnership continues with the release of TP-Link's Archer GE550 Tri-Band Wi-Fi 7 Gaming Router

WTFast and TP-Link's partnership continues with the release of TP-Link's Archer GE550 Tri-Band Wi-Fi 7 Gaming Router

KELOWNA, BRITISH COLUMBIA, CANADA, September 19, 2024 /EINPresswire.com/ -- [WTFast](#), a pioneer in online gaming optimization, is proud to announce its continued partnership with TP-Link, integrating WTFast technology into TP-Link

Gaming routers. Building on the success of the Archer GE800 and GXE75, the latest addition, the Archer GE550 Tri-Band Wi-Fi 7 Gaming Router, has been launched. This collaboration aims to enhance the online gaming experience, with WTFast's advanced technology reducing lag, latency, and packet loss, ensuring optimized network connections for superior gaming performance. Gamers using TP-Link Gaming routers with WTFast can expect smoother gameplay, faster response times, and reduced connectivity issues.

Key features of the Archer GE550 include:

Blazing-Fast Gaming Wi-Fi up to 9220 Mbps: Delivering 5764 Mbps on a 6 GHz band, 2882 Mbps on a 5 GHz band, and 574 Mbps on a 2.4 GHz band, Archer GE550 is always ready for the fiercest battles.

Higher Speeds to Power Your Devices: Multi-Link Operation (MLO) technology using the 6 GHz, and 5 GHz bands simultaneously for stable internet connections and efficient data transfers.

Flexible Network Port Configurations: With 1× 5 Gbps WAN port, 1× 5 Gbps LAN port, and 3× 2.5 Gbps LAN ports, Archer GE550 ensures ultimate flexibility and maximum throughput. These configurations support massive bandwidth for wired gaming devices and ultra-fast connections, accommodating all gaming needs.

Exclusive Acceleration for Games: Accelerate game applications, game devices, mobile games, and game servers. Stabilize connections, minimize jitter, lag and ping while boosting speed.

Dedicated Game Panel: An intuitive game panel provides real-time insights into the battle environment, network status, router performance, RGB settings, accelerated games and gears,

enabling players to strategize effectively.

Game-Style Design: Ignites gaming passions with its volcano-inspired design. Customizable RGB lighting casts a fiery aura, making Archer GE550 a stylish focal point for any gamer's den.

TP-Link HomeShield: HomeShield provides robust antivirus protection for a secure gaming experience. It defends all your devices and personal data against online threats, ensuring peace of mind while gaming.

Easy Mesh Compatibility—Works with Easy Mesh routers and range extenders to form seamless whole home Mesh Wi-Fi. This connectivity ensures consistent coverage, allowing gamers to collaborate efficiently and dominate team battles.
