Dr. Denise Soul Signature, LoveAllkind

Lyrics:

Awareness, self-love, and altruism set the stage for the highest mind, body, and soul health. Words, thoughts, and actions carry a vibrational frequency and they inspire us moment to moment.

Creativity fuels the soul.

We all have our own unique Neurostyle, our sensory perception that's unique and multi-dimensional.

How do you access your playful self?

Do you spend time in nature?
Do you pick up an instrument?
Do you write a poem?
How do you reach your own
happiness?
Gratitude is a key ingredient of staying
in the moment of NOW.

A unique intention that Dr. Denise has
in her content is that the titles of the
show, the hashtags, and the tips within
are easy-to-remember healing phrases
that are a shot of positive psychology
to model cognitive reframing and to
remind us about the powerful energy
that our words, thoughts and actions
have in influencing our overall health
and well-being.

Stay tuned for exciting content on You
Tube, in person ascension experiences
and more music launching soon!
