This is due to a lot of factors, including a change in lifestyle, an increase in the price of precious metal jewelry, an increase in fashion consciousness, and a change in packaging styles and attractive marketing strategies. Moreover, the rise in interest in costume jewelry among both female and male consumers as a result of celebrity endorsement has paved the way for costume jewelry.

Furthermore, rising disposable income and living standards in emerging markets such as India, as well as a growing consumer preference for fashion accessories, drive up demand for costume jewelry. However, the availability of low-quality and counterfeit products, as well as price fluctuations in the raw materials used to make these jewelries, limit market growth.

The use of low-cost raw materials such as brass, glass, wood, and plastic in artificial and imitation jewelry is expected to drive the growth of the India Costume Jewelry Market. The industry has recently noticed a growing trend of men wearing artificial jewelry in their daily lives. The use of costume jewelries such as bracelets and rings by men is expected to increase in the future, which will help to supplement the growth of the India costume jewelry market. Furthermore, online portals are becoming a popular medium for youths to purchase jewelry items, and are expected to serve as a potential medium of sale for costume jewelry in the coming years.

The India Costume Jewelry Market has been steadily expanding over the last few years. As a result, manufacturers are introducing innovative designs in order to compete and thrive in a competitive and dynamic market. The Costume Jewelry Market has a high growth potential in developing country such as India. With the maturity of the Indian markets, particularly for products such as necklaces and earrings, manufacturers have focused on expanding their foothold in Indian regions such as Tamil Nadu, Kerala, Karnataka, and Andhra Pradesh. Non-branded products have a larger market share in India than branded products. The majority of companies have relocated their manufacturing plants to Rajasthan state in order to reduce manufacturing costs.

Costume jewelry is made of a variety of materials, including metal, plastic, and glass. To create appealing pieces of jewelry, intricate designs and patterns made of these materials are decorated with beads, precious stones, and semi-precious stones. Consumers have a large selection of costume jewelry to choose from, including bangles, neckpieces, earrings, and finger rings. Costume jewelry cannot be distinguished from genuine jewelry and appears to be gold, silver, or rose gold. It is made of materials that are easily cracked, so it does not have a long shelf life. Fashion jewelry is less expensive and more appealing, which is why costume jewelry is gaining popularity with customers.

By product type, the earrings segment was the highest revenue contributor in 2019. The reason for this is that the availability of lightweight earrings in a various designs and colors that can be worn with a variety of outfits creates [india costume jewelry market growth opportunities](#). By gender, the female segment held the largest market share due to increase in spending power, aided by the working female population. Depending on the mode of sale, the retail sale segment led the market, because retail sales channels provide value-added services such as customer care.
