objective is in line with the Agenda 2033 promoted by Pope Francis, that celebrates the 2000 years of the resurrection of Jesus Christ.

“Make much more mess!” said the Holy Father, who congratulated them “for everything they have achieved during these years.” The participants agreed to launch Vitae Fest Rome 2025 festival to be held in Saint Peter Square at the Vatican as part of the activities for the Jubilee year, together with Vitae Fest Los Angeles and Vitae Fest Mexico 2025. Francisco also confirmed his participation in a documentary for young people with world-renowned artists, on which Vitae is already working.

Luis Quinelli, president of Vitae Global Foundation, remarked: “Meeting Pope Francis is always a

huge joy. His pastor's heart continues to surprise me. We also had a private audience with our board and the Pope where he encouraged us to work even harder. We left with a lot of work to do. We are happy and honored to have his friendship and extraordinary support.”

One of the guests said that “listening to the Pope's call to be part of this Gospel revolution through arts is a privilege and a responsibility.” Another of them added, “Francis surprises in every gesture, in every word, dedicating generous time to listen to us and send us on a global mission.”

Vitae Colloquium 2024 is part of a global process initiated with the Vitae Summit that took place in the Vatican in 2022 where a group of artists and Hollywood executives - including J Balvin, Dan Lin, Peter Doctor, Patricia Heaton and Julio Reyes Copello - discussed with Pope Francis on new ways to bring messages of love, peace and fraternity through arts and media.
