Eatontown Borough Mayor Anthony Talerico, Jr. served as the guest commencement speaker. "Consider the student body here: it's clear people joined at various stages of their lives," Mayor Talerico told the crowd, "As a nurse myself, I know the possibilities in healthcare are endless. Today is the beginning of an exciting journey for you." ACI M&D offers students an opportunity to begin a lucrative, rewarding career in just a few months. With a dedicated staff and state-of-the-art equipment and training, they are committed to providing students with the

ethical and professional standards for the workplace, as well as the tools and confidence to pursue their goals.

With day and evening classes, financial aid, career development strategies and readiness training, ACI Medical & Dental School is working to meet the demands of today's critical healthcare workforce shortage.

Students that successfully complete the program, have continual career assistance for as long as it is needed, reinforcing ACI's M&D commitment of providing the best training and career development experience available.

Healthcare jobs are in high demand, with the industry expected to have a 15.4% job growth rate by 2032 according to the US Bureau of Labor Statistics. There has never been a better time to seek a career in healthcare, and at ACI Medical & Dental School, students can be ready to start their internship or employment within three and a half months.
