CEDAR FALLS, IA, UNITED STATES,  
September 19, 2024 /

EINPresswire.com/ -- [AgencyBloc](#), the #1 recommended provider of insurance growth enablement solutions for the health, senior and benefits industries, and [SunFire](#), the leading Medicare quoting and enrollment platform, are excited to announce an upcoming integration designed to streamline Medicare quoting and enhance efficiency for insurance agencies in the senior market.

“

At AgencyBloc, our goal has always been to provide insurance agencies with the tools they need to thrive. By integrating with SunFire, we're taking a significant step forward in that mission.”

*Tim Robinson, CEO of  
AgencyBloc*

This strategic integration underscores AgencyBloc's dedication to continuous improvement and industry collaboration. By integrating with SunFire, AgencyBloc reaffirms its commitment to providing insurance agencies with connections to cutting-edge industry tools and resources that drive growth and operational excellence.

The new integration will allow AgencyBloc users to securely pass client data into SunFire's platform with a single click from the AMS+ platform. This integration will simplify the manual effort of sharing data between the software,

streamlining insurance agencies' processes.

“At AgencyBloc, our goal has always been to provide insurance agencies with the tools they need to thrive,” said Tim Robinson, CEO at AgencyBloc. “By integrating with SunFire, we're taking a significant step forward in that mission. This partnership will provide our clients with a more streamlined experience, allowing them to focus on what they do best—serving their clients.”

David Graf, CEO of SunFire, also shared his excitement about the integration, adding, “We are

thrilled to partner with AgencyBloc to connect our platforms and streamline the quoting and proposal processes for our joint client bases. The integration is a testament to our commitment to enhancing the insurance technology landscape. Together, we're offering a powerful connection that will help agencies operate more efficiently and effectively."
