

# VSA Expands Coaching Team to Meet Growing Demand

*VSA Welcomes Renowned Coaches to Boost Athlete Performance*

LOS ANGELES, CA, UNITED STATES,  
September 20, 2024 /

EINPresswire.com/ -- VSA, the global online platform revolutionizing sports training, is proud to announce the significant expansion of its coaching team to accommodate the increasing demand from aspiring athletes around the world.

Since its launch in April 2023, VSA has experienced tremendous growth, with a surge in user registrations and a rising interest in its innovative training programs. To meet the demand and provide a diverse range of expertise, VSA has welcomed new world-class coaches to its team.

Joining the ranks are coaches from Estonia, Poland, the Netherlands, China and the USA, bringing a wealth of experience and knowledge to the VSA community. These coaches, with their high level of expertise, are set to contribute to the continued success of VSA in delivering top-notch training to athletes globally.

One of the key features that sets VSA apart is its user-friendly app, designed to be a one-stop-shop for athletes. Users can seamlessly book classes, train within the app, and maintain direct communication with their coaches through chat functionality. The app also simplifies the process of rescheduling sessions and allows athletes to share practice videos for personalized feedback from their coaches.

The expansion of the coaching team and the continuous enhancement of the VSA app reflect the platform's commitment to providing a comprehensive and accessible training experience for athletes of all levels.

Victoria Drazdova, Founder of VSA

One of the key advantages of having experienced coaches on board is the enhanced quality of training programs offered by VSA. Athletes can now access world-class coaching at an affordable price, making elite-level sports training accessible to a broader audience.

The company believes that a larger user base enables more impactful promotions and benefits for clients, contributing to the overall goal of making sports training a reality for everyone.
