“

This new office will provide our team with the resources and space they need and will allow us to bring in even more top talent to deliver on our promise of measurable sales outcomes for our clients.”

With this expansion, FunnL is adding 200 more seats to its existing operations, addressing the capacity limit of our current office, which holds 325-350 employees. This move will help us meet our ambitious target of 600 employees by the end of 2025. Once achieved, we plan to move into an even larger facility, offering an additional 150-200 seats to accommodate continued growth.

The new MSquare office will feature cutting-edge workstations, advanced IT infrastructure, and dedicated spaces for training and collaboration. This environment will enable our team to thrive and continue achieving outstanding results for our clients.

However, this expansion is about more than just headcount. It underscores our commitment to strengthening our leadership in B2B sales outsourcing. By growing our presence in Hyderabad, we're creating valuable opportunities for MBA graduates and positioning ourselves for continued success in the competitive sales industry.

Padma Radha, Director and Head of Finance & HR, shared her thoughts on this move:

"This new office is a reflection of our confidence in the future. As we grow, it's essential to provide our team with the resources and space they need to succeed. The additional seating capacity will allow us to bring in more top talent, which will be critical as we expand our services and continue delivering measurable sales outcomes for our clients."
