NEW ORLEANS, LA, UNITED STATES, September 26, 2024 /EINPresswire.com/ -- The Louisiana Mesothelioma Victims Center is urging a current or former power plant worker with lung cancer or mesothelioma anywhere in Louisiana to please call the Gori Law Firm anytime at 866-532-2106 for a serious conversation about financial compensation. The Gori Law Firm is one of the nation's largest law firms that is almost entirely focused on compensation for people who have developed lung cancer or mesothelioma because of asbestos exposure on the job and they consistently get top compensation results for their clients. "There is still asbestos in some Louisiana power plants. Before the early 1980s power plant workers in Louisiana in many cases were required to work around it every day when they were on the job. These people included members of repair crews, supervisors or outside contractors doing upgrades on the power plant. These contractors would have used plumbers, pipefitters, welders, electricians, insulators, carpenters and laborers in these types of jobs.

"If your loved one is a current or former power plant worker with lung cancer or mesothelioma anywhere in Louisiana, please call the Gori Law Firm anytime for a conversation about financial compensation at 866-532-2106. When it comes to client compensation for asbestos exposure lung cancer or mesothelioma in Louisiana the Gori Law Firm has no equal." www.gorilaw.com
