BEVERLY HILLS, CA, UNITED STATES,
September 23, 2024 /

EINPresswire.com/ -- We reported in a release last week that Henning Morales, Founder and CEO of [Mindatorium](#), Inc., had taken a short break to speak with us from his office in Beverly Hills, where he was preparing for the company's upcoming Grand Reveal and Awards Ceremony on

“

Mindatorium is a humanistic online platform where content is enjoyed, ideas flow, and a growing robust community is continually nurtured.”

Henning Morales

September 26th. He agreed at that time to share with us the names and backgrounds of some of the amazingly diverse group of Co-founders and Key Executives that comprised the current leadership group at Mindatorium, while also explaining that due to impending deadlines related to the event, he would only have time to provide a partial list of the many collaborators and contributors who have come together to create this unique model and platform. After we applied a wee bit of begging and arm-twisting (just kidding), he agreed to share more later.

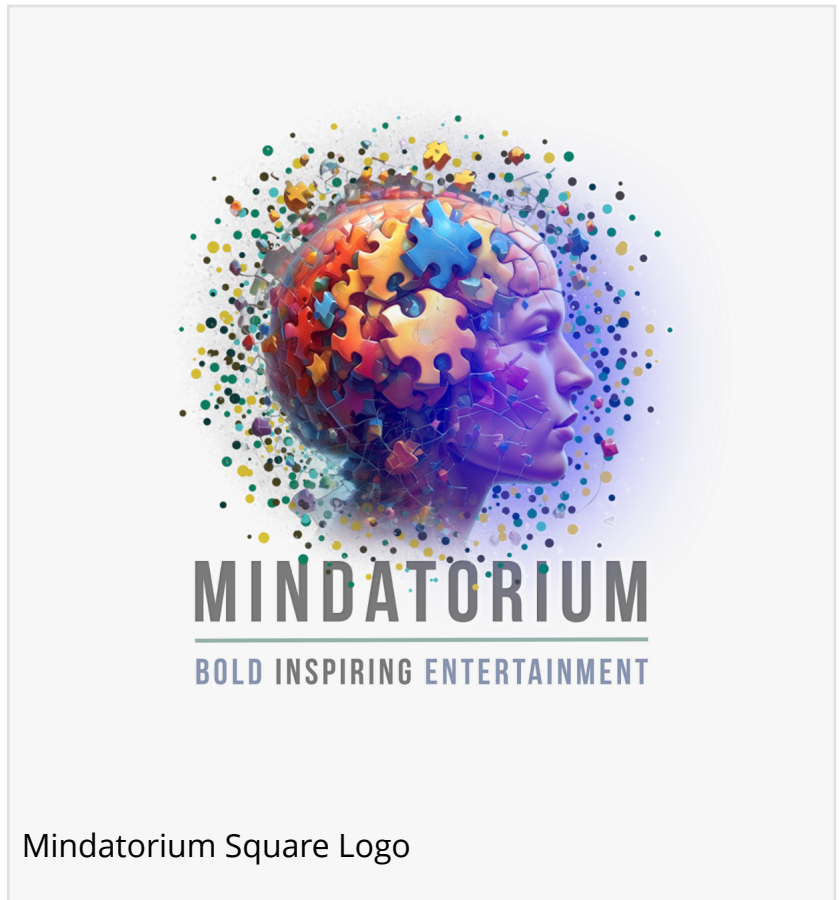

Now, just days before the September 26th live event, we are back to ask him to “flush out” the list and tell us more about those he didn't have time to recognize last week. After explaining that more new contributors were coming on board every day so this list, too, would not be complete, and apologizing in case someone were accidentally left out, he graciously agreed and presented us with the following....
