Founded by Dr. Aaron Lewis, Para-Church Partners aims to empower these organizations through vital resources, guidance, and mentorship, ensuring their missions of compassion and service to the underserved thrive in today's complex landscape.

Our Vision:

At Para-Church Partners, we envision a thriving ecosystem of faith-based non-profits that work collaboratively to serve communities and transform lives.

Our Purpose:

We exist to support the myriad of independent para-church ministries that have emerged due to shifting dynamics within traditional church environments. These organizations are crucial for community service but often navigate challenges without adequate support. Key challenges include:

- Inadequate accounting and bookkeeping practices
- Challenges in articulating vision and mission statements
- Feelings of isolation and lack of community among organizations

Para-Church Partners brings decades of combined experience from church and para-church backgrounds along with insights from the commercial business sector. Our services include:

- Consultation and Coaching:** Personalized support to assess needs and develop actionable

plans

- Legal Advocacy:** Access to experts in non-profit law for compliance and legal structure
- Financial Management Support:** Resources to connect with accounting professionals specialized in non-profit finances
- Mission and Vision Development:** Assistance in clarifying and articulating core missions to inspire stakeholders
- 24/7 Support:** Ongoing advice and professional assistance available whenever needed
- Networking Opportunities:** Connect with partners including universities, law firms, and production companies

Learn More About How We Can Help You To Help Others

Together, We Can:

- o Foster a culture of collaboration
